- . Home
- . Kindergartens

DILUTION RATE

- . Ready to use

The INO derm 1 Hand Soap with triclosan produces a rich creamy lather that leaves skin soft and clean. The triclosan formula effectively eliminates dirt from hands. The easy-to-rinse formula contains smooth surfactant soaps with glycerine, leaving a delightful smoothness feeling. It is ideally suited for use in offices, factories, restaurants, health clubs, industrial and commercial food processing plants, schools and public washrooms. Product can also be used at home and in kindergartens. Contains 0.05% triclosan.
