

Ino-bio 14

ODOUR NEUTRALIZER

WITH CLEANING ACTION

INO-BI14 378

Ino-bio 14 is designed to eliminate bad odors at the source. Its unique action mode allows air purification, while deeply cleaning surfaces. **Ino-bio 14** is recommended in areas where excess dirt and foul odors are found such as garbage rooms, public stairwells, parking garages, used oil-collection containers, kennels and all other problem areas.

Benefits

- Safe for users' health
- Safe for the environment
- Does not damage surfaces and equipments
- Hypoallergenic
- Continuous cleaning action
- Lasting fragrance
- Completely biodegradable
- Neutral pH
- Certified Ecologo
- Made in Canada
- Highly concentrated product: less packaging
- Eliminates odors

Directions

APPLY USING A FOAMING GUN :

1. Use a 1:30 dilution tip for the foaming gun.
2. Apply **Ino-bio 14**, using the foaming gun, on all vertical and horizontal surfaces (walls, floors, under garbage compactor, etc.).
3. No rinsing necessary. The frequency of applications will vary according to needs.

When poured regularly in drains and pipes, **Ino-Bio 14** used solution prevents bad odors and obstructions.
